The Policies and Procedures assessments are designed to help new and established schools develop new policies and procedures as well as evaluate and improve existing policies and procedures. To make it easy to find the activities that are appropriate for your school, they have been divided into the three sections outlined below. To view the templates for each section, click on any of the Titles: [Beginners \(New Schools\)](#), [Intermediate](#) or [Advanced](#).

### [Beginners \(New Schools\)](#)

If your school is new, it will be very beneficial for you to begin with the [Getting Started with Developing Institutional Policies and Procedures Worksheet](#). This worksheet will help ensure your school meets the basic regulation requirements in the following policy areas:

- → [Satisfactory Academic Progress \(SAP\)](#)
- → [Admissions](#)
- → [Refunds](#)
- → [Returns to Title IV and HEA Programs](#)

Each of these four sections provides a working Topic Template to assist you with the development of your policy and procedure design. Although not required, they can be useful guides.

Once your school has satisfied the basic requirements, you will be ready to move on to the assessments provided in the [Intermediate](#) section of the Policies and Procedures Chart.
